TIMBER TRANSIT RULES FOR THE PALGHAT FOREST DIVISION

1. *Definitions.*—In these rules, timber includes all classes of timber as defined in the Act, except—

(*a*) timber not grown in India or Burma ;

(*b*) timber cut up or fashioned otherwise than is usually done or permitted to be done before removal from the forest in which it has been felled ;

(*d*) fuel, and

(*e*) bamboos in head loads or smaller quantities.

2. *Condition for import, export and movement.*—No person shall import timber into, export timber from, or move timber within, any of the areas specified in schedule A unless such timber is accompanied by the pass prescribed by rule 4.

3. *Additional condition for import or movement of timber into certain towns.*—No person shall import or move timber into any of the towns specified in schedule B unless such timber is also reported for examination at the appropriate checking stations specified in schedule C.

4. *Form of passes.*—(i) In the case of timber from Government lands, the pass shall be in Form I and shall be printed :—

Provided that the pass to be issued by a contractor in respect of removal of timber from a reserved forest leased to him shall be in such form as may be determined by the District Forest Officer.

(ii) In the case of timber from private lands, markets or depots, expressly notified by the Collector from time to time in the district gazette, the pass shall be in Form II and shall be printed. It shall be supplied free of cost, on application, by the District Forest Officer. The owners and tenants of lands may also with the special permission of and in accordance with the conditions imposed from time to time by the Collector, be permitted to print and use their own passes.

(iii) In the case of all other timber including timber from foreign territory, the pass shall be in Form II but may be printed, written or typewritten.

5. *Issue of passes.*—(*a*) Passes in Form I shall be in triplicate and shall have all parts filled up by the District Forest Officer or an officer duly authorized by him. The District Forest Officer or the officer so authorized as the case may be, shall sign and date each part, hand over the original to the person removing the timber, send the duplicate to the officer in charge of the forest and return the triplicate so counterfoil for record in his office.

(*b*) Passes in Form II shall be in triplicate and shall have all parts filled up by the person disposing of the timber or his authorized agent ; the original shall be handed over to the person authorized to remove the timber ; the duplicate shall be forwarded by post or messenger to the Range Officer having jurisdiction ; and the triplicate shall be retained as a counterfoil for not less than six months from the date of issue of the original and shall be produced for inspection at any time within that period on demand by any Forest Officer not below the rank of Forester. When a pass is issued for the removal of timber from the land on which it has been felled, it shall specify the depot on the said land in which such timber is to be kept ; and the duplicate of the pass may in the first instance be sent to the Range Officer without the particulars as to quantity referred to in column 2 thereof. But the timber shall not in any case be moved from the said depot, until after ten days from the date on which the duplicate was posted to the Range Officer or after eight days from the date on which it was delivered to him, if sent by messenger and if the duplicate did not contain the particulars as to quantity, until such particulars have been supplied to the Range Officer by the person disposing of the timber or his authorized agent.

(*d*) Passes shall be issued strictly in the serial order. A fresh pass book shall not be opened before the book in use has been completely exhausted. Separate pass books shall be maintained for each depot.

(*e*) The Collector may, in any specified area, require that before timber from private land is removed, the pass in Form II shall be countersigned by the village headman or karnam (Menon) of the village concerned.

(*f*) Each cart carrying timber shall be covered by a separate pass. Under no circumstances shall one pass be issued or used in respect of more than one such cart.

(*g*) Every person who gets his supply of passes in Form II from the District Forest Officer or is allowed to print his own passes in Form II, shall maintain proper accounts in Form III with such modifications therein as may be directed by the Collector from time to time. The account book, the cost of which shall be borne by the person maintaining it, shall have its pages serially numbered and shall, before it is brought into use, be submitted to the District Forest Officer for affixing his seal in the manner prescribed by sub rule (*c*). The account book shall be retained for a period of not less than six months after it is completely exhausted and shall be produced for inspection at any time before the expiry of such period, on demand by any Forest Officer not below the rank of Forester.

6. *Check of passes.*—(i) The passes referred to in the preceding rules shall, in the case of imported timber and timber for export, be produced with the

timber for examination at any station which may be notified from time to time by the Collector in the district gazette, as a checking station and past which the timber may be taken. In the case of timber in transit, the pass shall be produced anywhere within the limits of the scheduled areas, when demanded by any Revenue, Forest or Police officer or at any of the checking stations notified by the Collector outside the scheduled areas past which the timber is taken.

No person shall take any timber off, or pass any timber from, any road or river on which a checking station has been placed, with intent to evade the production of the timber at the checking station.

The quantity of timber in transit shall not be greater than that entered in the pass and if it is less, the same pass shall not be used again to cover the deficiency.

(ii) As soon as the timber has been checked with the pass and found to be correct, the officer checking it shall endorse the pass with the words "checked and passed" and shall sign and date the endorsement. The pass shall then be handed over to the person presenting it to cover the timber during further transit through the scheduled areas. The timber when checked at a checking station shall also be marked with a pass hammer mark by the officer in charge of the station.

(iii) The checking station for timber in transit shall not be more than five miles distant from the outer limits of the scheduled areas except where it is considered necessary to guard against smuggling from unreserved lands into towns or in places which afford special facilities for the regulation of traffic such as the meeting of road and water communications.

The reason for such refusal, deferring or cancellation shall in every case be placed on record by the District Forest Officer and submitted for the approval of the Collector. The District Forest Officer may register more than one property mark to be used by the same owner or lessee when circumstances make such registration desirable. A certificate in Form IV shall be granted by the District Forest Officer to the person whose property mark is registered or renewed. A register of property marks shall be kept in Form V.

9. *Date up to which the registration or renewal has effect.*—The registration and each renewal of registration of a property mark shall be in force only from the date thereof until the first day of April following.

New Delhi, the 6th February, 1932.

No. 707-T (5).—The Report of the Tariff Board regarding the grant of protection to the manufacture of electric wires and cables was published for general information to-day.

2. The Tariff Board have found that the manufacture of electric wires and cables is not an industry which satisfies the conditions laid down by the Fiscal Commission, and they have therefore made no recommendation for the grant of protection to the industry. The Government of India accept this finding.

No. 75.—The following resolution of the Government of India is republished :—

DEPARTMENT OF COMMERCE.

TARIFFS.

New Delhi, the 3rd February, 1932.

No. 362-T. (16).—In their Resolution No. 362-T. (14), dated the 7th May 1931, the Government of India remitted to the Tariff Board for enquiry an application from Messrs. The Indian Steel Wire Products, Tatanagar, asking for the restoration of protection to the wire and wire nails industry. The Board's report, which was submitted on the 15th October 1931, has been published for general information to-day.

2. The Board's conclusions may be summarised as follows. In order to justify the grant of protection to the manufacture of wire and wire nails in India it is necessary that these products should be made from Indian steel, and for this purpose the establishment of a wire rod mill in India is essential. Since no mill exists in India capable of rolling wire rod an application for protection to the wire and wire nails industry is premature. But one firm, The Indian Steel Wire Products at Tatanagar, is at present manufacturing wire and wire nails from imported wire rod and is prepared, if protection is granted to the industry, to erect a mill capable of rolling wire rod from Indian steel billets. The output of this mill would be large enough to secure an economical level of costs and a market exists in India sufficient to absorb the output of the mill, including its products other than the wire rod used in the manufacture of wire and wire nails. If the firm obtains no assistance now in carrying on manufacture from imported raw material it will be compelled to stop working, and temporary assistance should be granted because the manufacture of wire and wire nails was given protection in 1924 and because the present proprietor of the concern, when he purchased the works, was justified in assuming that though protection had been withdrawn in 1927, its restoration before 1930 was a reasonable certainty. The Board's recommendation is that so much assistance be granted to the industry as will enable it to maintain itself until such time as it may reasonably be expected to make arrangements for supplying itself with material drawn from indigenous sources. It is calculated that if a selling price of Rs. 190 per ton be guaranteed for wire nails, the manufacturer should obtain a profit on his present output of about 5 per cent on his total capital expenditure, and the Board considers this to be a fair price for the purpose of temporary assistance. It accordingly recommends the imposition of a duty on wire and wire nails at the rate of Rs. 45 per ton until the wire and wire nail industry's claim to substantive protection has been investigated in the course of the next statutory enquiry into the iron and steel industry. The Board also recommends that the existing concession should be continued under which Messrs. The Indian Steel Wire Products are permitted to import wire rod free of duty.

3. The Government of India have carefully considered the Board's report and have decided to accept its recommendations. They agree with the Tariff Board that until the industry can obtain its principal raw material in India the claim to protection cannot be substantiated. There is, however, a reasonable prospect that the firm now manufacturing wire and wire nails in India will before long be in a position to supply itself with indigenous raw material, and, taking into account all the circumstances the Government of India consider that the grant of tariff assistance for a limited period to afford the industry a further opportunity of removing the disability under which it labours would be in the national interest. Their attitude in the matter has not been influenced by the argument that the firm in question has an equitable claim to assistance owing to the circumstances in which it undertook manufacture, for in their view the claim breaks down and has not been established. But they consider it of great importance to the successful establishment in India of the steel industry as a whole that new branches of the industry should be created, and the market for steel made in India thereby widened. The information in their possession leads them to believe that the manufacture of wire rod in India presents no insuperable difficulties, but unless assistance is given now such manufacture likely to be postponed for an indefinite period. They desire, however, to make it plain that when machinery for the manufacture of wire rod has been installed and production commences, that fact will not in itself constitute a valid claim to protection. It will still be necessary for the industry to show to the satisfaction of the Tariff Board and the Legislature that manufacture under the new conditions is likely to be economical and, in short, that the principles laid down by the Fiscal Commission are satisfied.

4. In accordance with the decision stated in the preceding paragraph the Government of India will introduce legislation immediately to impose a protective duty of Rs. 45 per ton on the articles recommended by the Board to operate

until the 31st March 1934. They also propose to continue to allow to The Indian Steel Wire Products the concession which they enjoy at present in respect of the duty on imported wire rod.

No. 76.—The following resolution of the Government of India is republished :—

DEPARTMENT OF COMMERCE.

TARIFF.

New Delhi, the 3rd February 1932.

No. 202-T. (28)—In the Government of India's Resolution No. 202-T. (26), dated the 26th March 1931, the Tariff Board was asked to examine the question how far the Bamboo Paper Industry (Protection) Act of 1925 had achieved its purpose of promoting the manufacture in India of paper from bamboo and to consider whether continuance of protection to the industry after the 31st March 1932 was desirable. The Board's report which was submitted on the 15th October 1931, has been published for general information to-day.

2. On the first question the Board has found that considerable progress has been made in developing the bamboo paper industry. Supplies of raw material are in sight in ample quantity for all future requirements and are now obtained by the paper mills at a very much lower cost than in 1925. When the industry was investigated in that year only one process of manufacturing pulp from bamboo was in commercial use and only in the works of one concern. During the past period of protection three other concerns have started and actively developed the manufacture of bamboo pulp and paper by other processes, and the success obtained by these several undertakings justifies a finding that, though development of the bamboo pulp industry has not been so rapid as was anticipated in 1925, firm and solid foundations have been laid for that industry. The cost of production in Indian mills has been materially reduced during the period under review, and, though this result is to be attributed largely to the fall which has taken place in the cost of raw materials, evidence has been produced to show that the installation of new plant and improvement in manufacturing methods have contributed greatly to this satisfactory result.

3. The Board has examined the claims of the only alternative raw material to bamboo which India possesses in any large quantity, namely *sabai* grass, and finds that, as the main raw material for Indian paper, the potential supply, falls far short of requirements; that if grass were to be treated as the staple raw material, paper manufacture in India would require a protective duty considerably higher than that now in force, and that paper made from grass has a restricted market. Bamboo, on the other hand, can be obtained in ample quantity, paper of very good quality is being manufactured from it, and, while withdrawal of protection at the present stage will mean the disappearance of bamboo as a raw material for paper, examination of the costs of manufacture shows a reasonable prospect of the bamboo paper industry being able eventually to dispense with protection. As was found during the first enquiry in 1925, a bounty is an inappropriate method of assisting this industry, and the Board has reached the conclusion that continuance of a protective duty is necessary and that such protection as is given should apply equally to all methods of pulp and paper manufacture, whether the raw material used is bamboo or grass. With these conclusions the Government of India are in agreement.

4. The Board has examined with care the cause and effect of the largely increased use of imported wood pulp by Indian mills which has occurred since the passing of the Bamboo Paper Industry (Protection) Act. The view was stated in evidence given to the Board that the use of increased quantities of imported pulp has defeated the object of the Act, but the Board has found in regard to this matter that, so far from the extended use of imported pulp having prevented or retarded experimental work on bamboo, the increased output of paper at a lower cost of production, which has been rendered possible very largely by a greater use of cheap imported pulp, has enabled the Indian mills to provide the necessary finance for their work on bamboo. Development of the industry has, however, in the Board's view, now reached a stage when a definite stimulus should be applied to the manufacture and use of bamboo pulp, and the appropriate method is the imposition of a new duty on imported wood pulp. The Government of India accept these conclusions.

5. The main recommendations made by the Board are as follows :—

(1) Protection to the bamboo pulp and paper industry should be continued by means of a duty.

(2) The duty on imported paper should be imposed at the same rate and on the same articles as at present.

(3) A duty should be imposed on imported wood pulp at the rate of Rs. 45 per ton.

(4) The protective duties on paper and pulp should remain in force for a period of seven years from the 1st April 1932.

(5) A conference should be held with representatives of the different interests to decide the proper definition of the classes of paper to be subject to the protective duty.

(6) Compliance by the paper-making companies with the principles stated in paragraph 392 of the Fiscal Commission's Report should be made a condition precedent to the grant of concessions for the exploitation of forests and to purchases of paper by Government.

(7) The Paper Pulp Section of the Forest Research Institute should be developed and should undertake co-ordination of experimental work on bamboo.

6. The Government of India accept the necessity for giving protection to the bamboo paper industry for a further period by means of a duty on paper and to the bamboo pulp industry by means of a duty on imported pulp. They also accept the Board's recommendations regarding the rate of the two duties and the additional period of protection required. As regards the definition to be embodied in the tariff schedule of the articles chargeable with the protective duty, the Government of India are unable to accept the Board's recommendation that, while the protective duty should continue to be imposed upon printing and writing papers, a definition of the kinds of paper to be classed under those two heads should be determined according to trade usage after consultation with representatives of the different interests. The definition of articles to which the protective tariff is to apply should indicate as precisely as possible the intention of the Legislature and should be so framed as to include any such articles as

can be produced economically in the country or may compete with an indigenous product, and for this purpose trade usage provides no guide. At the same time, the Government of India appreciate the fact that the existing statutory definition of the protected classes of paper gives rise to difficulties of interpretation, and, if protection is given for a further period to the paper industry, they propose to proceed without delay to revise the basis of assessment to duty of imported paper in consultation with the different interests concerned in such a way as to obviate disputes regarding the interpretation of the tariff and to place the results of such revision before the Legislature at the earliest opportunity. As, however, the time remaining before expiry of the existing Act is insufficient to enable new definitions to be properly determined, the Government of India consider that for immediate purposes the best course will be to re-enact the law with the existing definitions. They consider, however, that the statutory minimum proportion of mechanical wood pulp required to except printing paper from the protective duty should be raised from 65 to 70 per cent. of the fibre content and that allowances found necessary to provide margins for error in test and manufacture should be made entirely by executive order.

7. The Board's recommendations in respect of observance by paper-making companies of the conditions laid down by the Indian Fiscal Commission are contained in paragraph 104 and succeeding paragraphs of its Report. The Government of India consider it necessary to advert specially to these recommendations because in one important respect they appear to indicate a misapprehension of the Government's accepted policy in the matter. The policy of the Government of India has at no time been to require as a condition of its receiving assistance through the tariff or by bounties that a company already engaged in an industry when the grant of assistance is under consideration should conform to the principles stated in paragraph 202 of the Fiscal Commission's Report. The principle that companies already engaged in an industry are not subject to the conditions in question received clear statutory authority in the first Steel Industry (Protection) Act of 1924, section 5 of which regulated the grant of bounties, and it was re-asserted in unmistakable language by the External Capital Committee in 1925. While, therefore, the Government of India consider that manufacturing concerns enjoying tariff protection should hold it incumbent upon themselves to take such steps as are reasonably practicable to ensure Indian participation in the industry concerned, they must dissent from the view that compulsory methods of bringing about this result, such as those suggested in paragraph 108 of the Board's report, are justified by any declaration of policy which has been made by Government in the past.

8. The question whether it will be possible to maintain and develop the Paper Pulp Section of the Forest Research Institute as recommended by the Board will receive separate consideration.

9. The Government of India propose to introduce legislation immediately to give effect in the manner indicated in paragraph 6 of this Resolution to the Board's recommendations in respect of the customs tariff.

No. 77.—The following resolution of the Government of India is republished :—

DEPARTMENT OF COMMERCE.

TARIFFS.

New Delhi, the 30th January 1932.

No. 127-T. (29).—On a representation from the Imperial Council of Agricultural Research, the Government of India in their Resolution, No. 127-T. (19), dated the 20th May 1930, directed the Tariff Board to enquire into the question of granting protection to the sugar industry, a term which was intended to include the grower of sugar cane in India, the manufacturer of different kinds of indigenous raw sugar (*gur*) and the manufacturer of crystalline sugar. The Report of the Board was published for general information on the 13th March 1931.

2. The Board have found that the case for protection to the sugar industry rests on the importance of cane cultivation in the agricultural economy of India and that in order to maintain and, if possible, increase the area under cane a stimulus must be provided for the manufacture of refined sugar. The Government of India accept this finding.

3. The Board have recommended—

(1) That a protective duty be imposed on all classes of sugar, including sugar candy, at the rate of Rs. 6-4-0 per cwt. for a period of fifteen years ;

(2) That an additional duty at the rate of Re. 1 per cwt. be imposed on all classes of sugar, including sugar candy, for the first seven years of the protective period ;

(3) That power be taken to impose by executive order an offsetting duty, when necessary, at the rate of 8 annas per cwt., should the price of sugar fall below Rs. 4 a maund ;

(4) That the duty on molasses should remain unaltered ;

(5) That a grant of not less than Rs. 10 lakhs be made annually from Central Revenues for sugar research ;

(6) That the bill to be introduced to give effect to the proposed duties should contain a provision enabling Government to call for such returns from sugar factories as may be considered necessary ;

(7) That the Bill should contain a provision enabling Government to make rules requiring sugar factories to post notices specifying such matters relating to the prices paid for sugar cane as may be thought necessary ;

(8) That no assistance in the form of a loan, grant, subsidy or other concession be given to a sugar company unless it complies with the conditions laid down in paragraph 202 of the Fiscal Commission's Report, i.e., it is incorporated and registered in India with rupee capital, has a reasonable proportion of Indian directors and offers facilities for training Indians at Government expense ;

(9) That new sugar companies coming into existence during the protective period be compelled, by such means as Government may consider practicable, to be registered as public companies with rupee capital.

4. The Government of India accept the recommendation of the Board that a single rate of duty should apply to all classes of sugar, but consider

an initial protective period of fifteen years to be unduly long. Economic conditions are at present so disturbed that it is impossible to foretell what rate of duty may be necessary for protective purposes after the lapse of seven years. In these circumstances the Government of India have decided to propose that a protective duty at the rate of Rs. 7-4-0 per cwt. be imposed on all classes of sugar until the 31st March 1938 and that provision be made in the statute for a further enquiry before the end of that period into the question of continuing protection to the industry.

5. The Government of India do not propose to accept the Board's recommendation that power should be taken to impose an additional duty in the event of the price of imported sugar falling below a certain level. Power to increase statutory duties by executive action should not, in the opinion of the Government of India, be taken unless the necessity for it as part of the protective scheme can be clearly demonstrated and in the present instance they are not satisfied that such necessity exists.

6. The Government of India accept the recommendations of the Board that the duty on molasses should remain unaltered and that power should be taken by statute to call for such returns from sugar factories as the Governor-General in Council may deem it necessary to prescribe. They feel considerable doubt, however, whether rules requiring sugar factories to post notices regarding prices paid for sugar cane would have much practical result and they do not, therefore, propose to include provision for that purpose in the protective Bill.

7. The Board's recommendation that an annual grant of not less than Rs. 10 lakhs should be made for sugar research will receive the careful consideration of the Government of India, but in present financial circumstances they regret that no undertaking to carry it into effect can be given.

8. The Board's recommendation that no assistance in the form of a loan, grant, subsidy or other concession should be given to a new company unless it complies with the conditions laid down in paragraph 262 of the Fiscal Commission's Report embodies a principle already accepted by the Government of India and one which finds a place in certain existing provincial Acts. Its practical application is ordinarily a matter for Local Governments. The recommendation of the Board that new sugar companies should be compelled to be registered as public companies involves the introduction of a new principle which the Government of India are unable to accept. In their opinion prohibition of the formation of private companies to develop the sugar industry would impose an undesirable handicap upon enterprise.

9. The Government of India propose to introduce legislation immediately to give effect to the decisions stated above.

Secretary to Government.

REVISED.

INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN 1932.

Candidates for University Examinations are required to observe the following instructions very carefully:—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the

time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

2. Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners, should they do so their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.*

7. CANDIDATES ARE NOT ALLOWED THE USE OF BOOKS OF ANY KIND (EXCEPT AS PROVIDED IN RULE 8). THEY ARE ALSO PROHIBITED FROM INTRODUCING INTO THE EXAMINATION ROOM ANY BOOK OR PORTION OF A BOOK, SLATE, MANUSCRIPT OR PAPER OF ANY DESCRIPTION, FROM COMMUNICATING WITH OR COPYING FROM EACH OTHER, AND FROM COMMUNICATING WITH ANY PERSON OUTSIDE THE EXAMINATION ROOM. ANY CANDIDATE DETECTED IN THE VIOLATION OF THESE RULES WILL BE SENT OUT OF THE ROOM FORTHWITH, AND HIS CONDUCT WILL BE REPORTED TO THE REGISTRAR.

The use of stencils at university examinations is not permitted except to students answering paper in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in Physical Science will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates offering Mathematics, Physics, Chemistry, Geography, Electrical Engineering and Mechanical Engineering of the Intermediate, B.A., B.Sc. (Ag.), B.Sc. Part II, B.A. (Honours), B.Sc. Honours and M.A. Preregistration and B.S.Sc. Degree examinations only.

An 'earnest' fee of an amount equivalent to the cost of a copy of Mathematical Tables should be deposited with the Chief Superintendent by each student requiring the use of such books, the amount to be refunded on the book being returned. The cost price of such book is seven annas.

9. Candidates for the B.A. Degree Examination under Groups (ii) and (iii) are required to submit their laboratory note-books both in the main and the subsidiary subjects to the Examiner concerned on the first day of the practical examination, and to get them back at the close of the examination. *This instruction applies only to candidates appearing from colleges.*

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is requested to the instructions regarding rough working and loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

12. AS SOON AS CANDIDATES HAVE FINISHED WRITING THEIR ANSWERS, AND WISH TO GIVE UP THEIR ANSWER BOOKS, OR AT THE END OF THE PERIOD PRESCRIBED FOR EACH PARTICULAR PART OF THE EXAMINATION, EACH SHOULD STAND UP IN HIS PLACE AND REMAIN STANDING UNTIL ONE OF THE SUPERINTENDENTS HAS GONE UP TO HIM AND HAS RECEIVED HIS ANSWER BOOK FROM HIM.

Where the halls are suitable the following alternative procedure may be adopted:—At the end of the period prescribed for each particular part of the examination the candidates should at once fold their answer books, leave them in evidence at their places, vacate their seats, retire to the passages between the tables and move out of the hall in order and in silence, the Superintendents being meanwhile stationed in position from which they may command a good view of the blocks entrusted to their care; when all the candidates have moved out the Superintendents will collect the answer books.

13. Communications to the Registrar from candidates requesting information relating to the results of examinations will not receive attention until after the publication of the results in the *Fort St. George Gazette*.

14. ALL MUFASSAL CANDIDATES MUST OBTAIN THEIR HALL TICKETS FROM THE CHIEF SUPERINTENDENTS OF THE RESPECTIVE CENTRES AT WHICH THEY ARE TO BE EXAMINED, THREE DAYS BEFORE THE COMMENCEMENT OF THE EXAMINATION. 15. *No college student will be allowed to select a centre for his examination other than that in which the College, he studies in, is situated, except for satisfactory reasons and on the recommendation of the Principal of his College.*

16. *Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity. They shall also be required to place their signatures upon the identification certificates produced by them before the Chief Superintendents of the respective centres.*

In the case of these teachers, clear information should be given in the application regarding the nature of the appointment held by them (permanent, temporary, sub. *pro tem.* or acting as the case may be) and whether the presidents of the local boards concerned are prepared to pay stipends on behalf of the teachers recommended by them. The certificates of general education should be sent in original with the applications by registered post. The certificates of physical fitness need be produced only by the candidates chosen as stipendiaries. Separate conduct certificates need not be submitted by candidates whose applications are signed by Deputy Inspectors and Managers of recognized schools. Applications which are sent without the original general education certificates or without countersignature of the Deputy Inspector of Schools and of the Manager of a recognised school will be rejected.

7. Applications from teachers employed outside the district must come through the District Educational Officer or Inspectress concerned.

8. Applicants from this district for training outside the district are requested to submit the applications through the Deputy Inspectors concerned so as to reach this office before the 15th April 1932.

10. The candidates selected for training will enter into the usual bond with the Government and will also give an undertaking that they will not enter into any other avocation or prepare for any literary or technical examination during the course of training. Stipends will be sanctioned at rates to be determined by Government in due course.

GOVERNMENT OF INDIA.

LEGISLATIVE ASSEMBLY DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 3rd February 1932:—

L.A. BILL No. 3 OF 1932.

A Bill to amend the Indian Finance (Supplementary and Extending) Act, 1931, for a certain purpose.

WHEREAS it is expedient to amend the Indian Finance (Supplementary and Extending) Act, 1931, for the purpose hereinafter appearing; It is hereby enacted as follows:—

1. This Act may be called the Indian Finance (Supplementary and Extending) Amendment Act, 1932. Short title.

[1] 1

Amendment of sec 4A 7, Indian Finance (Supplementary and Extending) Act, 1931.

2. To section 7 of the Indian Finance (Supplementary and Extending) Act, 1931, the following sub-section shall be added, namely:—

" (3) For the purpose of assessing and collecting the taxes imposed by sub section (1), the Indian Income-tax Act, 1922, XI of 1922 shall be deemed to be subject to the adaptations set out in Part I-A of Schedule II to this Act "

Amendment of Part I, Schedule II to the Indian Finance (Supplementary and Extending) Act, 1931.

3. After Part I of Schedule II to the Indian Finance (Supplementary and Extending) Act, 1931, the following Part shall be inserted, namely:—

"PART I-A.

(See section 7)

Adaptations to provide for the summary assessment of such incomes.

1. The Income-tax Officer may, save where he has served a notice under sub-section (2) of section 22 of the Indian Income-tax Act, 1922, make a summary assessment of the income of an assessee to the best of his judgment, and shall serve on the assessee a notice of demand in a form to be prescribed by the Central Board of Revenue; and such notice shall be deemed to be a notice of demand under section 29 of that Act

2. Any assessee in respect of whom such summary assessment has been made may, within thirty days of receipt of the notice of demand, make an application to the Income-tax Officer for the cancellation or revision of the assessment, and the Income-tax Officer shall, after examining any accounts and documents and hearing any evidence which the assessee may produce, and such other evidence as the Income-tax Officer may require determine, by order in writing, the amount of the tax, if any, payable by the assessee and such determination shall be final:

Provided that, if any assessee making such application files therewith a return of his income under sub-section (2) of section 22 of the Indian Income-tax Act, 1922, the application shall be deemed to be a return under that sub section and shall be dealt with accordingly.

3. A copy of an order under paragraph 2 shall be served on the assessee to whom it relates and shall be deemed to be a notice of demand under section 29 of the Indian Income-tax Act, 1922.

4 The above procedure shall apply also to the assessment and collection during the financial year 1932–33 of incomes of Rs. 1,000 and upward and less than Rs 2,000 which have escaped assessment in the financial year 1931–32."

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to enable the assessments of incomes exceeding Rs. 1,000 but not exceeding Rs. 1,999 to be carried out expeditiously and economically with the minimum of labour and inconvenience alike to the assessee and to the assessing

officers, by reintroducing provisions for the summary assessment of these low incomes such as found a place in the Income-tax Act of 1918.

2. It reproduces the provisions of section 30 of the 1918 Act with one important exception, namely, that the assessment notice is now to be served personally in the ordinary way in each case, whereas under the Act of 1918 notice of assessment could be given by posting lists in a public place, or other similar methods of publication by which it seems likely that the fact of assessment might not be brought effectively to the notice of those concerned, many of whom may not be fully literate.

3. It will be observed that it is left to the option of every assessee either to accept the summary assessment, after representing to the Income-tax Officer any objection that he may take to it, or to claim assessment on a return of income according to the usual procedure.

NEW DELHI, GEORGE SCHUSTER.

STATEMENT OF OBJECTS AND REASONS

The first batch of Indian Air Force officers from Cranwell will be arriving in India early in the summer of 1932, and, after a period of one year's attachment to a unit of the Royal Air Force, will be posted to the new Indian Air unit. Meanwhile, the other Indian ranks are being recruited, and will have received their initial training by the time that the officers have completed their period of attachment. At that point, *i.e.*, the summer of 1933, the Indian Air Force will come into complete existance.

2 It is necessary to provide, by an Act of the Indian Legislature, for the discipline of the officers and men of the new Force, since the British Air Force Act does not apply, as it stands, to Indian personnel, nor is it restricted in its operation to British India.

3 Legislation can be undertaken in one of two ways:—

(a) By a Bill to apply the British Air Force Act with suitable modifications.

(b) By a self-contained Bill bearing the same general relation to the British Air Force Act as the Indian Army Act bears to the British Army Act

4 As regards alternative (a), section 177 of the British Air Force Act gives power to the Legislature of India, or any of the Dominions, or Colonies, to extend or apply all or any of the provisions of the British Act to the officers, non-commissioned officers and men of a locally raised air force, subject to such adaptations modifications, and exceptions as may be specified. The course thus indicated has been carefully considered by the Government of India, who do not, however, propose to adopt it, partly on account of the unsuitability of the British Act to an Indian force and still more on account of the very complicated nature of the adaptations modifications and exceptions that would be necessary The British Air Force Act, which is an adaptation of the British Army Act, has a very long history behind it, and has been so heavily amended from time to time that its arrangement has unavoidably become confused, and some of its provisions not easy to trace These drawbacks, unavoidable in England, can be avoided in India, and it is undesirable to burden an Indian personnel with difficulties which trouble even a British officer Further, large portions of the Act have no application to India, as for instance, Part III, several of the sections in Part IV under the heading "Summary and other Legal Proceedings," and several of the sections in Part V. But in spite of this, the Bill required to adapt the Air Force Act would be very lengthy Comparatively few of the sections would entirely escape amendment: some would be slightly amended, and others extensively amended The Second Schedule to the Air Force (Constitution) Act, 1917, which modified the Army Act into an Air Force Act is long and complicated, though some of its provisions are merely formal The schedule necessary to adapt the Air Force Act to Indian conditions would be just as long and full of points both of substance and intricate drafting The repainted Act, which would be the result of a Bill on these lines, would necessarily differ very widely from the Air Force Act, and the desired object, namely, to retain a similarity between the Indian and the British Acts would not, in point of fact, be achieved.

5 The Government of India accordingly recommend the adoption of course (b) above, and are accordingly moving for leave to introduce a self-contained Indian Air Force Bill, which, in its general outline and form, follows the Indian Army Act of 1911. The Indian Army Act has existed in its present shape for 20 years covering a period of highly intensive use. It has been amended several times, certainly, but not heavily, and it is still the same measure, in arrangement and in substance. It is drafted in fairly simple English, easily comprehended by the Indian officer, and has been reproduced in translations known to the rank and file. The personnel of the Indian Air Force will very largely be drawn from the classes which now furnish recruits

to the Indian Army, among whom some knowledge of the Indian Act is current The Indian Act too was drafted with regard to the Indian criminal law and section 7 (22) deliberately imports the terminology of the Indian Penal Code. There can be no doubt that an Act on the lines of the Indian Army Act will be much better understood by the Indian personnel than an Act on the English lines, and it is probable that even the attached British personnel will find less difficulty in following a simple Act on the Indian lines, than a heavily amended version of the complicated Air Force Act.

6 The accompanying Bill, therefore, is a self-contained measure, which Honourable Members will be able to study without continual reference to other Acts The material of it is drawn both from the Indian Army Act and from the British Air Force Act. The framework, mode of drafting, and the substance of the Indian Army Act, have been adopted as far as possible, but where that Act departs widely from the more modern standards of the Air Force Act the provisions of the latter have been adopted The provisions in which there is the widest departure from the Indian Army Act are contained in Chapters III and IV on air force offences and punishments. These chapters have been drafted so as to secure that members of the Indian Air Force will be punishable for any offence with no greater severity than members of the Royal Air Force.

NEW DELHI, G. M. YOUNG.
The 26th January 1932.

NOTES ON CLAUSES.

CHAPTER I.

PRELIMINARY.

This Chapter corresponds to Chapter I of the Indian Act with the omission of section 5 and definitions (1), (8), (10) and (11) of section 7, which are inapplicable.

Clause 5.—The definition of "officer of the Indian Air Force" confines the term to officers directly commissioned in the force, but the definition of "officer" in (4) will include any commissioned officer of the Royal Air Force, the British Army or the Indian Army. The wideness of this definition has special importance in the provisions relating to courts-martial where the term "officer" is deliberately used throughout in order that any commissioned officer may be appointed as a member of the court-martial.

The definition of "commanding officer" in (6) is simpler than the corresponding definition in the Indian Act, as the structure of the Indian Air Force will be simpler than that of the Indian Army.

The definition of "superior officer" in (7) makes possible the temporary placing of Indian Air Force personnel under the

orders of warrant officer and non-commissioned officers of any other of His Majesty's naval, military or air forces, as well as of the Royal Air Force

The definition of " active service " includes a power on the lines of section 159 of the Air Force Act.

The definition of " air force custody " is designed to allow the authorities of the Indian Air Force to use military agencies

Definitions *(16)*, *(17)* and *(18)*.—The term " offence " has been given its meaning in the General Clauses Act, 1897, of " any act or omission made punishable by any law for the time being in force "—a meaning which will include military offences. In addition a definition is given of " air force offence " confining that term to offences " made punishable by this Act." It should be noted that " air force offence " and " civil offence " are overlapping terms; many " air force offences " defined in Chapter IV are also " civil offences " *(e.g.*, clause 44) and most " civil offences " are also " air force offences " if committed by a " person subject to this Act " *(cf.* clause 58). These two definitions are very important in regard to clause 74

CHAPTER II.

ENROLMENT, ATTESTATION, DISMISSAL, ETC.

This Chapter covers Chapters II and III of the Indian Act and part of Chapter IV. It relates to the ordinary enrolment and discharge of airmen, and to the powers of dismissal and reduction which may be used to secure efficiency, as distinct from the powers of dismissal and reduction by way of punishment exercised by courts-martial

Clause 9 is new and is a statutory guarantee that all airmen in the Indian Air Force shall be Indians.

Otherwise, the Chapter closely follows the Indian model with only the necessary substitution of authorities The whole scheme of the Chapter differs widely from the corresponding provisions of the Air Force Act, but they have been found to be suitable to the Indian Army and are more likely to be suitable to the personnel of the Indian Air Force than the elaborate provisions of the Air Force Act. In particular, the Bill contemplates a period of probation between enlistment and attestation, during which any inefficient recruit may be discharged without formalities. It also contemplates an elastic period of service to be determined by rules, as with the Indian Army An airman will be enrolled in the first instance for the prescribed minimum period of service, and after completion of this period he will serve on without further enrolment, until he is discharged or until he seeks his discharge by giving due notice

CHAPTER III.

PUNISHMENTS AND PENAL DEDUCTIONS.

This chapter includes all provisions relating to penalties which may be imposed by way of discipline. Clauses 19 to 24 relate

to punishments which may be imposed by courts-martial; clause 25 relates to minor punishments which may be imposed by commanding and other officers without the intervention of a court martial; and clauses 26 to 30 relate to penal deductions from pay and allowances.

Clause 19 is the most important section and requires lengthy comment.

(1) *The punishment of imprisonment*.—The English Act provides for—

"(b) Penal servitude for a term not less than three years,

. (c) Imprisonment, with or without hard labour, for a term not exceeding two years."

The Indian Act similarly provides for—

"(b) transportation for life or for any period not less than seven years;

(c) imprisonment either rigorous or simple for any term not exceeding fourteen years."

In India now, however, the penalty of transportation is carried out with civil prisoners only under exceptional circumstances, and has not been carried out with military prisoners for about ten years; and the present policy is to leave it in abeyance. Prisoners sentenced to transportation serve out their term in rigorous imprisonment. There is no point, therefore, in retaining this obsolete punishment in the Bill.

Again, the Indian law has no punishment of penal servitude. It is understood that in England there is little practical difference between penal servitude and imprisonment with hard labour, and that these two punishments are of the same degree of severity as rigorous imprisonment in India. In any case, there is no choice in India but rigorous imprisonment to replace both penal servitude and imprisonment with hard labour. On these considerations the Bill replaces the (*b*) and (*c*) of both Acts by—

"(*b*) imprisonment, which shall be of two degrees, namely,—

(i) long imprisonment, which shall be rigorous, and for a term not less than three years and not exceeding fourteen years, and

(ii) short imprisonment, which may be rigorous or simple, for a term not exceeding two years."

The draft is as close an approximation to the corresponding punishments in the Air Force Act as may be devised to meet Indian conditions. Both degrees of imprisonments are kept under one head (*b*) for convenience in drafting, as all subsequent provisions relating to imprisonment make no differentiation between the two degrees [*e.g.*, clauses 24, 26 (2), 113 and 114].

(2) *The punishment of detention* has been introduced in order to avoid the imposition of imprisonment in certain cases with its necessary consequence of dismissal, as it may be desirable to punish an offender with some severity and yet retain him in the Indian Air Force.

(3) *The other punishments*.—These follow section 48 of the Indian Army Act, with one minor variation of substance in (h) where reprimand or severe reprimand may be awarded to a warrant officer or non-commissioned officer as well as to an officer. This follows section 44 (ante) of the Air Force Act.

Section 48 of the Indian Army Act, which provides for sentences of solitary confinement, is omitted. This omission is important, and brings the Bill into line in this respect with the Air Force Act.

Clause 25.—Sub-clause (3) has been extracted from sections 66, 67 and 68 of the Indian Act (reproduced as clauses 77, 78 and 79 of the Bill which have been restricted in their scope to courts-martial). The application of these provisions to summary proceedings is less likely to be overlooked if this transposition is made.

Clause 26.—Sub-clause (1), relating to officers, reproduces section 127 of the English Act. Sub-clause (2), relating to other ranks, follows section 50 of the Indian Army Act, except the explanation, which follows section 104 (2) of the English Act.

Clause 30 introduces into the Bill a safety provision based on section 136 of the English Act. The reference in that section to the Royal Warrant is replaced in the Bill by the words "prescribed by the Governor General in Council". By this means the Governor General in Council can adopt the provisions of the Royal Warrant regarding deductions from pay, and so secure equality of treatment between the Royal Air Force and the Indian Air Force.

CHAPTER IV.

AIR FORCE OFFENCES.

Both the English and the Indian Acts use, in most of the sections on this subject, the phrases "or such less punishment as is in this Act mentioned" and "on conviction by court-martial". The first phrase has been covered generally by a small adjustment of the drafting of clause 20, and the latter phrase by the inclusion of clause 74 (c); and both phrases have accordingly been omitted throughout. The Bill states shortly the maximum punishment which may be imposed, and leaves the question of jurisdiction and the imposition of lesser punishments to the general provisions.

Clauses 31 to 34.—In the Indian Act "offences relating to military service" are dealt with in two sections, sections 25 and 26, in which the only punishments specified (apart from "less punishment") are death and imprisonment up to fourteen years. The corresponding provisions of the English Act are sections 4 to 6, which show a much higher degree of differentiation, a less frequent use of the death sentence, and the use of imprisonment not exceeding two years for offences committed in less serious circumstances. The difference in the treatment of these offences is so great that if the scale of punishments in the English Act is to be adopted the Indian form becomes unsuitable. The English form, therefore, has been adopted, with a few minor variations.

Clause 35.—In this clause section 27 (*a*), (*b*) and (*c*) of the Indian Act have been adopted, with slight drafting changes.

Clauses 36 to 38.—These reproduce sections 8 to 11 of the English Act, re-arranged, on the plan of the preceding clauses, according to the degree of punishment. The reasons for adopting the English sections are those already given with reference to clauses 31 to 34 *mutatis mutandis*. The only difference in substance lies in the omission to differentiate between the officer and the airman, wherein the Indian Act is followed.

Clause 39.—This follows section 12 (2) of the English Act, with the omission of clause (*b*), which relates to various forms of abatement and is covered by clause 57, and of the last paragraph of the sub-section relating to previous convictions. The elaborations contained in the last paragraph of sub-section (1) and in sub-sections (2) and (3) of section 12 of the Air Force Act have not been adopted, as they are not applicable to Indian conditions and would never be used. The crime of repeated desertion and enlistment is unknown among Indian personnel, and is not likely to appear.

Clause 40 is an abridged version of section 13 (1) of the English Act, whereof the shortening is justified by the simpler structure of the Indian Air Force. As with clause 39, the elaborate provisions relating to repeated offences have been omitted as inapplicable.

Clause 41 reproduces section 14 of the English Act, omitting clause (1) which is an abetment.

Clause 42 is section 15 of the English Act with the following changes:—

(*a*) In sub-clause (*b*) an amendment has been made to cover the case of an airman who "appears at the place of parade, but appears so late that his appearance is virtually a non-appearance.

(*b*) No differentiation is made between officer and airman.

Clause 43.—The reference to clause 20 will prevent the imposition of imprisonment or any other penalty other than dismissal.

Clauses 44 and 45.—These include several offences which are also civil offences and it is desirable to follow the language of the Indian Penal Code. Accordingly, section 31 of the Indian Act has been used, but has been amended so as to cover all the offences in sections 17 and 18 of the English Act. As regards substance, broadly speaking, section 17 of the English Act is covered by clause 44 (*a*), (*b*) and (*c*); section 18 (4) of the English Act is covered by clause 44 (*d*) and (*e*); and section 18 (1), (2), (3) and (5) by clause 45. The inclusion of the offences under section 18 (4) of the English Act among the more severely punished offences under section 17 (clause 44) requires justification. These offences include the civil offences punishable under sections 379, 380, 381, 403, 404, 406, 408 and 411 of the Penal Code. Of these only section 403 prescribes a maximum penalty of two years; the others range from three years to seven years. As these punishments could be awarded by court-martial to a person subject to the Act by virtue of section 58,

there is no point in defining them as air force offences also unless courts-martial are given power to punish them with severer punishment, and a severer punishment is justified by the circumstances attending these offences, which may be very serious from the service point of view.

Clause 46.—In contrast with clause 45, this allows a less punishment than dismissal to be imposed on an officer.

Clause 48.—The Indian Army Act, 1911, in the matter of the protection of persons in custody against improper detention, gives only a broad injunction in section 124 (3). It is deemed desirable to supplement this by adopting the penalties of the English Act for irregular keeping in custody.

Clause 50 reproduces section 85 of the Indian Act and corresponds to sections 23 and 24 of the English Act.

Clauses 51, 52 and 53 adopt the Indian provisions, with only necessary changes. These well-tested provisions will be more suitable to the Indian Air Force than the more elaborate provisions of sections 25 to 29 of the English Act.

Clause 54 introduces the special air force offences contained in section 39A of the Air Force Act, with drafting amendments to suit Indian terminology.

Clause 55 adopts the miscellaneous provisions which have been found suitable for the Indian Army.

Clause 56 adopts section 39A of the Indian Act, which was introduced into the Act in 1918.

Clause 57 is important. It is based on section 40 of the Indian Act, but amplifies it so that it will cover abetment by an airman of a military offence committed by a soldier. It will restrict the punishment of the airman, however, to the punishment he would have incurred if the offence had been an air force offence committed by himself. This amplification is a departure from both the English and the Indian Acts, and is justified on the following grounds:—

(*a*) If the military offence abetted by the airman is a purely military offence, i.e., is not also a civil offence triable by a criminal court, there appears to be no tribunal which has jurisdiction to try him *ad hoc*, and recourse must be had to clause 55 (*g*), sometimes, perhaps, with doubtful validity.

(*b*) If the offence so abetted is also a civil offence, then the airman abettor could be tried by a civil court. But it is considered better in the interests of discipline that he should be dealt with under the Act, particularly where the offence is a petty one which could be punished summarily and promptly by the airman's commanding officer.

(*c*) On general grounds, it is desirable that the services should have powers to support each other in maintaining discipline.

Clause 58 is a compromise between section 41 of the English Act and sections 41 and 43 of the Indian Act. The English Act begins with a general statement that all civil offences committed by "persons subject to this Act" shall be triable by court-martial, and then, as regards the Dominions, makes exceptions

for treason, murder, man-slaughter, treason-felony and rape, if not committed on active service or at a place more than one hundred miles distant from a court of competent jurisdiction. (As regards British India this condition as to distance from a competent court may be ignored, as there are very few, if any, places in British India more than a hundred miles from a place where a Sessions Judge sits, either ordinarily or on circuit.) The Indian Act begins in section 41 by making all civil offences committed by "persons subject to this Act" triable by court-martial if they are committed on active service or beyond British India. Section 42 supplements this by making all offences punishable under Chapter VI of the Indian Penal Code (which includes offences corresponding to treason and treason-felony, and also sedition and other offences against the State) and also murder, culpable homicide and various offences of violence when committed against a "person subject to this Act", triable by court-martial.

In their treatment of this subject the two Acts are not reconcilable, and the Bill proposes to confer a jurisdiction which will cover the jurisdiction conferred by both Acts. In particular, it follows the Indian Act in making offences punishable under Chapter VI of the Penal Code triable by court-martial. It therefore exempts from the jurisdiction of courts-martial only offences of murder or culpable homicide against a "person not subject to this Act" and offences of rape, when these offences are committed in British India (and certain other places) and while the offender is not on active service.

The "certain other places" above referred to are described in the clause as "places in which the Governor General in Council exercises powers and jurisdiction by virtue of the Indian (Foreign Jurisdiction) Order in Council, 1902", and these places have been introduced to avoid an anomaly which now exists in the Indian Act. These places are areas over which His Majesty, by treaty and otherwise, exercises jurisdiction, though they are parts of the territories of Indian Princes and are not in British India. Many important Indian cantonments are situated in such places—Secunderabad, Mhow, Quetta, Bangalore, to mention a few. The present frame of section 41 of the Indian Act includes these places among "places beyond British India", with the peculiar result that troops in Mhow, for instance, are subject to military law for all civil offences while troops in Jubbulpore are subject to military law only in respect of the few offences specified in section 42—though Mhow is the headquarters of the military district which includes Jubbulpore. Clause 58 avoids this anomaly and will make all airmen in all cantonments in India subject to the same jurisdiction.

CHAPTER V.

ARRESTS AND PROCEEDINGS BEFORE TRIAL.

This Chapter collects into one place all provisions of the Indian Act relating to arrest, inquiries concerning absconders, and provost-marshals—all matters preceding trial. The clauses follow the Indian Act and require no special comment.

CHAPTER VI.

CONSTITUTION, JURISDICTION AND POWERS OF COURTS-MARTIAL.

With some re-arrangement and modifications, this Chapter follows sections 53 to 76 of the Indian Army Act.

Sections 58 (4) 64, 74, 75 and 76 relating to summary courts-martial have been omitted, as there is no provision for summary courts-martial in the British Air Force Act.

Section 60 which provides that a court-martial may be composed of British or Indian officers but not partly British and partly Indian officers, and section 61 which entitles Indian personnel to claim to be tried by British Officers, are not required for the Indian Air Force Act, and are therefore not reproduced.

The powers which the Indian Act gives to the Commander-in-Chief, in regard to convening courts-martial, have been concentrated in the Governor General in Council.

Clause 70.—This adopts the English section 48 (3) in preference to the Indian section 57. Though the word "officers" will include commissioned officers of the British Army and Indian Army, it will be desirable to constitute courts-martial under the Act as far as possible from officers of the Indian Air Force and of the Royal Air Force, and the normal requirement of seven officers provided in the Indian Act will be troublesome. The omission of section 59 of the Indian Act is consequential.

Clause 74 has been introduced for two reasons—

(*a*) Clause (*c*) has permitted a shortening of the drafting of Chapter IV by the omission throughout of the words "on conviction by court-martial".

(*b*) Clauses (*a*) and (*b*) set out explicitly in a suitable place two general principles of jurisdiction which would otherwise be left to inference.

CHAPTER VII.

PROCEDURE OF COURTS-MARTIAL.

This Chapter is derived from the provisions of sections 77 to 93 of the Indian Act. Sections 79 and 93 (*3*), relating to summary courts-martial, have been omitted. Section 87 of the Indian Act, instead of being given a place of its own, is included as a proviso in clause 86 of the Bill. Also section 126A of the Indian Act has been included here as being part of the procedure of courts-martial while sitting.

CHAPTER VIII.

CONFIRMATION, REVISION, PARDON AND REMISSION.

This Chapter brings together all provisions whereunder higher authorities are given powers to deal with findings and sentences of courts-martial. It covers sections 94 to 108A of the Indian Act, omitting sections 101 and 102 which deal with summary courts martial, and adds section 112 of the Indian Act.

The Indian procedure regarding confirmation and revision differs from the English in two important respects.—

(a) The Indian law requires all findings, whether of acquittal or conviction, to be submitted for confirmation, except certain findings and sentences of held general courts-martial (see sections 91 and 98 of the Indian Act, and clauses 100 and 104 of the Bill). The English law requires that a finding of acquittal by a court-martial shall be given effect to forthwith [see section 54 (3) of the English Act].

(b) Where a case is sent back to a court-martial on revision, the Indian law empowers the court to take additional evidence, if so required by the confirming authority (see section 160 of the Indian Act and clause 167 of the Bill). The English Act in section 54 (2) explicitly forbids the taking of additional evidence

It is considered that in these matters the Indian law will be more appropriate to the Indian Air Force than the English law, at least for some years to come. The power to refuse to confirm a finding of acquittal and to direct a fresh trial will be valuable where the personnel of the court may consist largely of inexperienced officers, and the power to take further evidence may operate in these circumstances as much in favour of the accused as to his detriment.

Clause 104 recasts section 98 of the Indian Act, which is not clear.

CHAPTER IX

EXECUTION OF SENTENCES

This covers Chapter IX of the Indian Act, and adds to it section 126B, which also relates to matters subsequent to the trial It omits section 110 which relates to solitary confinement.

Clause 113 corresponds to section 107 of the Indian Act, but has been widened in its scope to cover imprisonment other rigorous or simple; and section 105 of the Indian Act has, accordingly, not been reproduced. This has been done in order to avoid the practical difficulties which will attend the serving of a long term of simple imprisonment in air force custody. Proper accommodation will be lacking, and the presence in barracks of a prisoner to whom duties cannot be given is not in the interests of discipline.

Clause 117.—Though transportation as an air force punishment does not appear in clause 19, yet, in exercise of their jurisdiction under clause 52, courts-martial may award transportation for a civil offence. It is necessary, therefore, to make provision for its execution, and the provision made is in accordance with the ordinary law.

CHAPTER X.

SPECIAL RULES RELATING TO PERSONS AND PROPERTY

This Chapter includes all provisions of the nature of special privileges, relating to both persons and property. It covers the

ground in sections 117 to 122 and sections 114 to 116 of the Indian Act.

Clause 122 departs slightly from section 119 of the Indian Act, which is not clear in its opening words.

CHAPTER XI

SUPPLEMENTAL.

Clause 123 copies section 118 of the Indian Act. It has been found to be sufficient for the Indian Army, and this Bill does not depart from that Act in any particular which requires an additional rule-making power.

Clause 130 and the Schedule make some consequential amendments in other enactments, which will place airmen in the same position as soldiers in regard to various matters, chiefly of privilege.

The following Bill was introduced in the Legislative Assembly on the 3rd February 1932:—

L.A. BILL No. 5 OF 1932.

A Bill to provide for the fostering and development of the sugar industry in British India.

Power to make rules requiring returns.

4. The Governor General in Council may, by notification in the *Gazette of India*, make rules requiring the owners of sugar factories in British India to make such returns relating to the production of sugar in their factories as the Governor General in Council may consider to be desirable, prescribing the form of such returns, the dates of their submission and the authority to which they shall be submitted.

STATEMENT OF OBJECTS AND REASONS FOR THE ACT TO CONTROL THE MIXING OF COTTON.

The quality and the reputation of Karunganni cotton which is the special feature of the Tinnevelly area and which plays a prominent part in the economic prosperity of the cultivators in that area on account of the great demand for this cotton are being

threatened by the admixture of other cottons, in particular G. neglectum (Pulicbai), both in the field and in the factory. Important traders in the area urge that if the admixture is allowed to continue, the growing of pure karungunni will cease soon and the cultivators will be put to great financial loss. The position of Cambodia cotton in the Dindigul area and of Mungari cotton in the Deccan districts is more or less the same. The propaganda of the agricultural department has proved inadequate to prevent the admixture. Hence the necessity for taking action by special legislation has become a matter of immediate importance. The important traders, the Provincial Cotton Committee and the Indian Central Cotton Committee recommend the proposed legislation. In the draft Bill it is proposed to take power to notify from time to time after sufficient notice to the cultivators all kinds of cotton that may in the opinion of Government require to be proscribed. Power is also proposed to be taken to uproot the proscribed cotton plants cultivated in fields and seize cotton found elsewhere in the notified areas. Provision has been made for the examination and analysis by experts, of the cotton seized, before launching prosecution. The usual clauses for making the necessary rules are also added.

3. In Chapter II of the said Act—

(i) for the heading "Taluks and Villages", the heading "Districts, Taluks and Villages" shall be substituted; and

(ii) before section 4, the following section shall be inserted, namely :—

Districts.

"3A (1) Save as otherwise provided in sub-section (2), every revenue district shall be deemed to be a district for the purposes of this Act.

(2) Notwithstanding anything contained in sub-section (1), the Local Government may, in special circumstances, by notification, declare any local area consisting of two or more neighbouring revenue taluks, whether in the same revenue district or not, to be a district for the purposes of this Act and specify the name of the district.

(3) The Local Government may, by notification,—

Special provision for existing districts.

4. Notwithstanding anything contained in the said Act, every local area, which on the 1st day of February 1932, was a district under the said Act, shall, unless and until the Local Government by notification otherwise direct, continue to be a district for all the purposes of the said Act although the limits thereof have ceased to be conterminous with those of a revenue district.

STATEMENT OF OBJECTS AND REASONS.

Government have now under consideration certain proposals to reduce the number of revenue districts, as a measure of retrenchment. Under the existing Madras Local Boards Act, 1920 [section 6 (1) read with section 3 (7)] a district board should be constituted for every revenue district and consequently, the acceptance of the retrenchment proposals would make it necessary to constitute afresh a district board for each of the new revenue districts. But from many points of view, it would be convenient and desirable to continue the existing district boards without altering the limits of their jurisdiction. The main object of this Bill is to provide that the existing district boards should continue as they are, in spite of any changes which may be effected in the limits of the corresponding revenue districts, unless and until the Government direct otherwise.

The opportunity has been taken to provide for the constitution, in special circumstances, of a district board for two or more revenue taluks. Such constitution will be effected by means of a notification which will be laid on the table of the Legislative Council. Consequential provisions on the lines of those contained in section 4 of the Act with regard to taluks have also been made.
